

The Whizz Arc Duo

**Dual-screen design that
amplifies interaction
and performance.**

Whizz

Dual-screen dominance. Elevated engagement.

The Whizz Arc Duo builds on the bold design of the Arc with an enhanced dual-screen configuration engineered for high-impact self-service environments. By combining two high-resolution displays with robust internal hardware and full payment integration, the Duo creates greater visibility, deeper engagement, and smoother transaction flow.

Engineered for high-footfall environments

Built for continuous use, the Whizz Arc Duo delivers consistent performance in demanding, customer-facing locations.

Dual high-resolution displays

Two vibrant screens increase visibility and create expanded space for interaction, branding, and live content.

Reduce operational strain through automation

By handling self-service transactions independently, the Arc Duo enables staff to focus on higher-value customer engagement.

Accelerate service and minimize queues

Fast processing and responsive touch technology keep transactions moving smoothly during peak periods.

Increase revenue through dynamic screen utilization

Leverage the second display for targeted promotions, advertising, or cross-sell messaging to drive higher spend.

Immersive, large-format interaction

The dual-screen configuration enhances clarity and engagement, creating a more impactful self-service experience.

Comprehensive payment flexibility

Supports contactless, card, mobile wallets, cash, and coin transactions within one integrated solution.

Advanced barcode scanning technology

High-precision scanning captures both paper and digital codes quickly and accurately.

Technical specifications
