

The Whizz Duo XX

Dual-screen self-service designed to amplify engagement and performance.

Whizz

Double the display. Double the impact.

The Whizz Duo XX elevates self-service with a striking dual-screen configuration, purpose-built for high-engagement betting and retail environments. Featuring two high-resolution portrait displays, this kiosk enhances visibility, interaction, and promotional capability while delivering seamless payment functionality.

Built for high-traffic environments

Engineered for continuous operation, the Whizz Duo XX performs reliably in fast-paced, customer-facing environments.

Cut labour costs with automation

By handling repetitive customer interactions, the Whizz Duo XX frees up staff to focus on higher-value work.

Dual high-resolution portrait displays

Two vibrant screens create enhanced interaction opportunities – ideal for promotions, live content, or mirrored user journeys.

Increase engagement through dynamic content

Leverage the additional screen to drive advertising, cross-selling, and brand messaging alongside active transactions.

Speed up transactions and reduce queues

Responsive touch technology and powerful processing ensure fast, smooth self-service that keeps throughput high.

Comprehensive payment flexibility

Supports contactless, card, mobile wallet, cash, and coin transactions in one integrated solution.

Advanced barcode scanning technology

High-precision barcode scanning captures both paper and digital codes quickly and accurately.

Flexible software compatibility

Supports a wide range of self-service applications, allowing operators to deploy, scale, and update with ease.
