

The Whizz Mini XX

**Compact,
high-performance
self-service kiosk**

Whizz

Powerful XX performance in a small footprint

The Whizz Mini XX brings advanced self-service capabilities to spaces where agility and impact matter most. Built around a vibrant, landscape 21.5" high-resolution display, this kiosk drives seamless transactions, clear information delivery, and dependable payment processing – all in a streamlined, space-saving format.

Designed for both efficiency and user engagement, it's ideal for betting environments, retail, hospitality, QSR and financial services where rapid interactions and reliable performance are essential.

Automate key processes

Reduce manual workload and let your team focus on customer service while the kiosk handles transactions.

Increase engagement and revenue

Tailor promotions and personalized options to encourage higher transaction values.

Swift, efficient interactions

Responsive touch and rapid processing help minimize queues and boost user satisfaction.

Vibrant landscape touchscreen display

High-definition 21.5" FHD monitor delivers crisp visuals and intuitive interaction for every user.

Flexible payment acceptance

Handles all major payment methods – including contactless, card, mobile wallets, cash and coins – seamlessly.

Advanced barcode scanning

The high-resolution barcode scanning lens is angled for easy capture of both paper and digital codes.

Flexible software deployment

Supports a wide range of self-service applications, allowing operators to deploy, update, and scale services with ease.

Designed for space-constrained locations

Its compact footprint and landscape format make the Whizz Mini XX ideal for counters, walls, and tighter operational environments where efficiency matters.
