

The Whizz Mac

**32" screen on a
bold pedestal, built
for high-stakes
environments**

Whizz

Designed to dominate the betting floor

The Whizz Mac combines a striking pedestal design with a large 32" high-resolution display, creating a kiosk that stands out within busy venues. Built for environments where visibility drives engagement, it provides a clear, immersive interface for self-service while supporting integrated payments and reliable day-to-day operation. The result is a kiosk that not only performs consistently, but actively draws users in.

Dominant 32” high-resolution display

A large-format screen delivers strong visual clarity, making odds, menus, and live content easy to read at a distance.

Bold pedestal design

The free-standing structure creates a strong physical presence, helping the kiosk stand out in crowded or competitive environments.

Designed for sports betting environments

Ideal for betting shops and venues where visibility and fast interaction are essential to customer engagement.

Encourages spontaneous interaction

Its prominent design and screen size attract attention, increasing walk-up usage and impulse engagement.

Smooth, responsive touchscreen experience

Precision touch technology supports quick selections and seamless navigation during time-sensitive interactions.

Integrated payment flexibility

Supports contactless, card, mobile wallet, cash, and coin payments within one unified solution.

Fast transaction handling

Efficient processing helps users place bets or complete transactions quickly, even during peak moments.

Built for continuous operation

Commercial-grade components support reliable performance in high-traffic, customer-facing locations.
