

The Whizz Neo Micro

**Maximum capability.
Minimal footprint.**

Whizz

The ultra-compact self-service kiosk

Designed for locations where space is limited but performance cannot be compromised, the Whizz Neo Micro delivers reliable self-service in a compact, streamlined form. Intelligent integration, flexible payment support, and a modern touchscreen interface make it ideal for high-traffic retail and betting environments looking to do more with less space.

Fully self-service

Players manage their transactions independently, from ticket scanning to payments.

Supports all payment types

Designed to support card, contactless, and cash transactions.

Real-time ticket scanning

Integrated barcode scanner validates paper and digital tickets instantly.

Custom branding options

Available in bespoke finishes, colours, and lighting to match your brand.

Ultra-compact footprint

Purpose-built for smaller venues and tight floorplans without sacrificing functionality.

Clear, responsive touchscreen

A high-quality display ensures fast, intuitive interaction at every step.

Account integration ready

Connects seamlessly with existing online or in-store systems.

Voucher functionality

Supports prepaid voucher purchase and redemption.
